EVERYTHING UNDER

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 2000). The prevalence of mental health problems in the UK is estimated to be 10% (Mental Health Foundation 2000).

There is a growing awareness of the need to address the needs of people with mental health problems in the workplace. The Department of Health (2000) has published a strategy for mental health care in the UK, which includes a commitment to 'improve the lives of people with mental health problems in the workplace'. The strategy also states that 'the workplace should be a place where people with mental health problems can thrive and contribute to society'.

# World Events

## Strike ends America's favorite pastime

Above--The 1994 baseball season ended not with a home run, but with a call ending the season. On the 34th day of the major league players strike, the team owners canceled the rest of the season, including the playoffs and the world series.

Upper Right--Cuban refugees used anything that would float to get to the U.S. to escape the poverty and hunger of the communist nation. Most were intercepted by the U.S. Coast Guard, but recently, reversing a 28-year-old policy, the U.S. has agreed to admit at least 20,000 Cuban refugees a year.

Right--The city of Kobe, Japan, was the site of the worst destruction when the Jan. 17 earthquake devastated Japan.

Upper Left--The 68th Miss America crown was awarded to Heather Whitestone of Alabama. Whitestone, losing her hearing after a reaction at 18 months, became the first contestant with a disability to win the Miss America Pageant. Her slogan in the competition was "Youth Motivation: Anything is Possible."

Upper Right--After a rambling jaunt along Southern California's freeways, O.J. Simpson surrendered himself to police at his west Los Angeles home. Simpson was arrested and suspected in the brutal murder of his ex-wife Nicole Brown-Simpson and friend, Ronald Goldman. So began what many called the most famous murder case in American history.

Left--Woodstock '94 looked a lot like the original 1969 rock festival . . . right down to the fans. Parking lots and shuttle buses were set up for the 200,000 people who paid \$135 each for tickets, but 350,000 showed up crushing the gates. On stage were bands Green Day, Red Hot Chili Peppers, and Smashing Pumpkins. When it was over, the rain-drenched and mud-covered lumbered home from the sloppy fairgrounds like the walking dead . . . who died smiling.

Right--Newt Gingrich long ago laid plans for the Republican takeover of the House, years before he even managed to win a house seat. Gingrich, 51, was an assistant history professor at West Georgia College in rural Carrollton, GA, when he started running for Congress. He made it on his third try, in 1978, presenting himself as a moderate with strong family values.

# Football Homecoming

## Dickson, Noel share Homecoming honors

Football homecoming festivities included some changes from the traditional celebration. The annual pep rally came with a \$1 admission fee which was collected for Riley's Children's Hospital in Indianapolis, so students had a choice whether or not to attend.

Another change was the in voting procedure for Mr. Football as well as other sports. The Booster Club decided to let each team select the honoree rather than the student body. The Booster Club also dropped the traditional painting of business windows. Posters were drawn and put

in the windows instead.

Football Homecoming began Monday before the game with a spirit week, which was sponsored by the Booster Club. In order to show their school spirit, students dressed as Brady Bunch Monday, cowboy and Indian day Tuesday, hat day Wednesday, college day Thursday, and purple and gold day Friday.

The pep rally was held to introduce the candidates for Homecoming queen and to cheer on the Brickie team. Also it was announced that Senior Jerry Noel was voted Mr. Football.

After school that day a Homecoming

parade was held with a float from each grade as well as from some clubs. The floats were judged by a panel of teachers, and the Senior Class float was chosen as the winner.

Senior Cheryl Dickson was chosen as Homecoming queen. The court included Junior Dawn Piscione, Sophomore Irma Zapata and Freshman Stephanie Balash.

Homecoming week did not end in happiness because of the disaster of the outcome of the game. The Brickies were held to seven points while Portage scored 43.

## Mrs. Rosalind Howell, guidance director, retires

Mrs. Rosalind Howell, HHS guidance director, retired after 40 years in education, 39 of which were in the Hobart City Schools. and one year in Whittier, California.

Before going into counseling, Mrs. Howell taught English. It is very difficult to list all of the activities and clubs she has sponsored, as well as the committees she has served on and chaired throughout the years, but they included the Junior Class, cheerleaders and Booster Club. She still was very active and involved on committees during the last year of her career.

Mrs. Howell went to college at Indiana University. She holds bachelors of science

and masters of science degrees.

Mrs. Howell lives in Hobart with her husband, Mr. Don Howell, varsity football coach and physical education teacher. They have two children.

"I think my effect on the students has been favorable, and I hope that I have helped many students," commented Mrs. Howell. The thing she will miss the most about her job is the students. She will least miss the stress and the pressure of her job.

Mrs. Howell retired because she feels its the appropriate time for her to be retiring. Her plans for the future include, perhaps, completing a doctorate; remodeling her house, and taking computer classes.

Mrs. Rosalind Howell, guidance director, talks to members of the HHS faculty and staff at her retirement reception.

## Athletic director, Mr. Jerry Hicks, retires

At a reception for retiring staff members, Mr. Jerry Hicks, athletic director, accepts his gift.

This year was the last for Mr. Jerry Hicks, HHS athletic director for the past five years.

During his 29 years at HHS and the middle school, Mr. Hicks taught freshman health and was assistant football coach and seventh and eighth grade track coach, as well as assistant athletic director and Varsity H Club sponsor.

Before coming to Hobart, he also taught at Gary Edison High School for six and a half years.

Mr. Hicks went to Franklin College and also Indiana University. He lives in Hobart, with his wife, Mrs. Patti Hicks, main office secretary, and they have three children, Jeff, Sam, and Dawn.

When asked what he would miss most about HHS, Mr. Hicks said, "I will miss being around the students and the athletes, most of all. I will also miss all of the teachers, coaches, and bus drivers."

He will miss not having as nice of athletic facilities as the other schools in the Duneland Conference the least.

Mr. Hicks hopes he has had a positive effect on HHS students. He said he retired because "the time is right." In the future he plans to work at something with less hours per week.

"I have had a great 29 years at Hobart with many great memories," Mr. Hicks said.

At a retirement dinner, Mrs. Judy Lopez receives a gift from the Hobart Teachers Association.

Mr. and Mrs. Lopez pose in front of the high school near the beginning of their teaching careers.

Mr. Vidal Lopez accepts a retirement gift from other HHS staff members at a reception after school.

## Mr., Mrs. Lopez retire after 60 years combined experience

Mrs. Judy Lopez was an English teacher at HHS for 31 years before retiring. She taught Junior English, senior composition, the novel, and A.P. English this year.

Over the years, extracurricular activities Mrs. Lopez sponsored included National Honor Society, SADD, and cheerleaders, as well as North Central chairman for school and community and English Department chair.

She attended Ball State University where she received a bachelors degree. She also attended Valparaiso University where she received her masters degree.

She is married to Mr. Vidal Lopez, who also retired, and lives in Cedar Lake.

Mrs. Lopez said that teachers don't know the effect they have on a student until the student graduates and comes back to thank the teacher for all the help the teacher had given the student. This makes her feel like she has accomplished something.

What she will most miss about being at HHS is the many friends she has on the staff, and the great experiences she has had with most of her students. What she will least miss is the students who are lazy and refuse to do the work, but somehow they think they should receive a decent grade.

Mrs. Lopez retired because she was ready to, but she is indefinite on what she will do after retiring. She does plan to spend some time at home as well as do some traveling.

"I think that basically my time here has been a great one. I have enjoyed teaching and I'm sure I'll miss it, though retirement also sounds great," she added.

Mr. Vidal Lopez has not been teaching since November of 1991 because of health reasons, but he retired at the end of the year.

Mr. Lopez taught at HHS for 28 years before becoming ill. He also taught at River Forest High School one year and worked as a

part-time accountant for Liverpool Paint and Hardware for 28 years.

He has taught economics, business math, typing, Pascal programming, consumer economics, business law, basic programming and computer applications.

Extracurricular activities Mr. Lopez has sponsored over the years include Business Club, Boys' Booster Club and Student Council.

Mr. Lopez went to Ball State University where he received a bachelors degree in business administration and accounting and a masters degree in business administration.

He lives in Cedar Lake with his wife, Mrs. Judy Lopez. Mr. Lopez said he will miss working with students who enjoy learning, but he won't miss working with kids who don't want to work for a grade and expect it to be given to them. He said his plans for the future are to do what he wants when he wants.

## Mrs. Judy Harder, business teacher, retires to Arizona

After 34 1/2 years of working at HHS, business teacher, Mrs. Judy Harder, retired. This year she taught keyboarding and computer applications.

Mrs. Harder said she retired because her husband is too, and she will get full benefits. After retiring she plans on relaxing, traveling and making new friends.

When asked if she felt she had a positive effect on the students at HHS, Mrs. Harder said, "I hope so. With the courses I teach, I have been able to give students a good background and foundation in order to obtain high-paying jobs."

Mrs. Harder grew up in southern Indiana and moved north when she got married. She has two daughters, one of which

lives in Indiana and the other in Arizona.

She attended Ball State University to get her undergraduate degree and Indiana University for her masters. Her only other teaching experience was a year at the middle school.

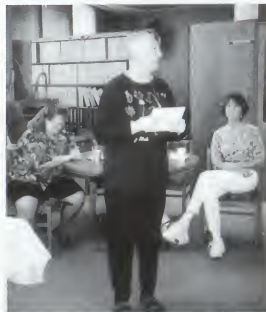

Commenting on the students and the changes over the years, Mrs. Harder said, "Only the names and faces change. Students still have the same boy/girl problems, the same insecurities, and same wants as those from before."

"However," she added, "today's student is more concerned with keeping a mediocre after-school job than in learning something useful at school. They want to use the computers for games, always be out of class, and blame society, home, or school for things that go wrong."

Mrs. Judy Harder shows fellow staff members that she is down to five days at a reception for retirees.

## Librarian Dorothy Haussman retires after 26 years in Hobart

At an after school reception for retiring teachers, Mrs. Dorothy Haussman thanks fellow staff members for her gift.

Mrs. Dorothy Haussman, the HHS librarian who has been working in Hobart schools since 1969, retired.

She has also taught art at Foreman School, and fourth grade in Glen Park and in Sarasota, Florida.

Mrs. Haussman grew up in Valparaiso. She went to Indiana University for her undergraduate degree and then to Purdue for her masters degree. She is married with three children, two sons and one daughter. She lives on her grandparents' farm in Hobart.

Commenting on why she decided to retire, Mrs. Haussman said, "I feel that it's just time to go on with my life." Her plans for the future include spending time weaving, spinning, gardening, and enjoying time with her two granddaughters.

When asked if she feels that she had a positive effect on the students at HHS, she said, "I hope so, in some little way, I hope so." She said she was glad to be a part of the technology, growth, and changes in her many years at HHS.

## FUN IN THE SUN

# Career Day

Seniors take over city, schools, businesses

Top Left — Jill Hollar works on blueprints with Hobart's building commissioner.

Above — All rise for the honorable judge for a day, Molly DeLeurere.

Top Right — Cindy Osika follows in her mother's footsteps by choosing teaching as a career, for a day.

Middle Right — As the school nurse, Mandy Kemp takes a students' temperature at Joan Martin School.

Right — Learning to use the firefighters' equipment are Malen Djankovich and Ken Sailors.

Smiling for the camera are Aimee Burger and Katherine Zlatic, Midstates Photographers for a day.

Hobart's finest firefighters, at least for a day, rush through the halls of HHS in search of a fire.

The seniors get a taste of imprisonment when they are put in a holding cell at the Hobart Police Dept.

The job of mayor is shown to school mayor, Jackie Coons, by his honor himself, Robert Malizzo.

Molly DeLeurere, Kim Jones and Eric Isakson prepare to hold court during Career Day.

What is the best thing about being a senior?

Half day, every day, (work it, baby).

Knowing that pretty soon I won't have to wake up at 6:00 in the morning.

It is my last year at the high school and next year I will be on my own at college.

You got to over rule the underdog.

Being with my girlfriend.

I got to park in the senior lot.

You're on top, the leader of the pack.

That it's your last year of getting up everyday at the same time.

Knowing that I made it this far and I have succeeded.

Not having to share a locker.

You get away with more and you look forward to getting out of here next year.

Looking forward to graduating.

Watching the underdog struggle to get to our level.

What advice would you give to the graduates?

Be yourself, live it up, and don't be trendy.

Study hard, have fun, and don't waste any of the time you're given.

Don't put off studying and the importance of making the good grades. What you do now will affect you for the rest of your life. It's hard digging yourself out of a hole you've been digging for 1 year.

Stay young and have lots of fun.

Don't assume you're not going to college and let your grades slide because you'll regret it when you decide to go.

Enjoy high school because after this starts the biggest challenge of your life.

School first, fun later, decide what you would like to do next and go for that goal.

You can't go back and do it again to do your very best the first time around.

Wait, and your time will come.

Think seriously about what you want to become. Don't do it for the money.

## Mrs. Cope retires

Mrs. Sally Cope, attendance office and assistant principal secretary, retired after being at HHS since 1977.

She attended two years of college at Ohio State University and then at Earlham College, where she met her future husband, Principal William Cope. There she became a licensed practical nurse.

Mrs. Cope lives in Hobart and has been married to Mr. Cope for 39 years. They have three children, Kim, Tami, and Jason. They also have four grandchildren: Danielle, 7; Andy, 6; Alyssa, 4; and Michael, 3.

The effect that she hopes she has had on the students at HHS is, "Hopefully, they have come to realize that adults laugh, cry, have a sense of humor, and genuinely care about others."

The things she will miss the most about her job are the students and the pay checks. The thing she will miss the least about her job is having to be at work at 6:30 a.m.

Mrs. Cope retired because her husband is retired also. "I can't let him have fun without me."

Her plans for the future are to have a new home, travel, and laze around.

"Hobart and its 'kids' have been fun! I feel I have made a lot of friends through my job here, and I have thoroughly enjoyed all the experiences. I do wish I kept a log and written down some of the excuses over the years! A DEFINITE BEST SELLER!" she added.

## Bricks end season at regionals with 28-25 loss to Red Devils

The varsity football team ended its season with a close 28-25 loss to the Lowell Red Devils. This was the first time the Brickies had lost in regionals since 1988 when they were defeated by Hammond High.

However, the Brickies were able to complete the season by breaking a state record and, possibly a national record, by winning 16 sectional championships in a row. They accomplished this by defeating Michigan City Elston 29-26, South Bend Washington 42-7, and Concord 30-13.

The Brickies ended up second in the conference. They finished off the season with a 9-3 record.

Team awards were given to the following: Steve Spurlock, most valuable offensive lineman; Bryan Klaja, most valuable defensive

lineman; Jerry Noel, most valuable offensive back; Craig Foerg, most valuable defensive back; Chris West, pride, hustle and desire; and Josh Degnan, most improved.

Other individual honor achievements were Steve Spurlock, top 50 players in the state; Steve Spurlock and Jerry Noel, IFCA All-State; Craig Foerg, John Latinovich, Jerry Noel and Steve Spurlock, AP All-State.

Making the All-Duneland Conference team were Steve Spurlock, Bryan Klaja, Craig Foerg, Jerry Noel, Chris West and John Latinovich.

*Love, Mom, Dad, and Shari*

BRYAN, OUR 1995 Graduate.

We are so proud of you. We remember back when you were a Cub Scout earning merit badges, and you moved on to: Presidential Academic and Physical Fitness Awards, Purdue Science Fair, Tri-Kappa art awards, '92, '93, church youth group, Appalachia Youth Service Projects (Kentucky and W. Virginia), Seminole Indian Reservation Family Work Camp (Oklahoma), Academic Letter, National Honor Society, Hoosier Boys' State, Regional Radio Sports Network All-Academic team, Spanish Club President, and Who's Who Among High School Students. Your competitive spirit shows by awards for: "Most Promising," Golf; Swimming, a HOLE-IN-ONE in Golf, '94, "Best Swimmer" trophy at LaPorte sectionals, Captain of three sport teams, and earning three different athletic letters, 3 years in a row. We have seen you with an injured back and ankle, refusing to give in to the pain, if it meant you could not play tennis or swim with your team. Bryan, you have never been afraid of a challenge, and you always have a positive attitude. You set your goals, work hard, and always strive for perfection. As you begin a new chapter in your life, we will always support you in whatever you do.

Love,

## PUTT-PUTT GOLF MEMORIES

The era of Putt-Putt Golf in Merrillville, Indiana, brings back memories of fun times, the popular place where young people and families enjoyed playing Putt-Putt Golf together. It was the place to be when hanging out with friends in Northwest Indiana.

Mr. Putt-Putt, Bob Showalter,

A person who put his whole heart and soul into a job he really believed in.

Bob Budzielek  
Class of 1984

**Mr. Putt-Putt,**

**Don't ever forget all the good times we had between me, you, Peggy, and all the other great people we met while I worked for you. I'll never forget all the experiences we had at Putt-Putt. You did a lot for me as a kid, and I'll never forget you.**

**Your friend,  
Allen Gill**

Mr. Putt-Putt,

It was always great to play Putt-Putt Golf. I enjoyed passing out Putt-Putt coupons at the 4th of July parades and passing out coupons to local business, which increased sales.

Matt Eich

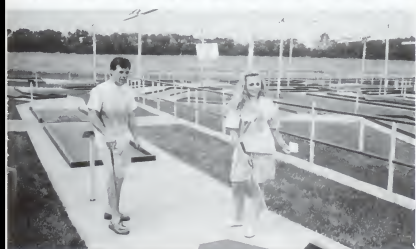

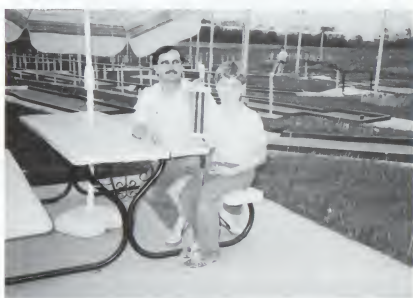

We had weekly tournaments that many students competed in to win prizes. When people came to the club house counter, Mr. Putt-Putt, Bob Showalter, would most always say, "WELCOME TO PUTT-PUTT!!!!!!!!!!"

To the best substitute teacher we ever had,

The classes you taught us were cool and a lot of fun. You have touched many students over the years. You have made a difference in our lives. Thank you Mr. Putt - Putt, Bob Showalter.

John Mishorich  
(Senior Class President '93)

A special thanks to my brother, Lloyd Showalter; his wife, Debbie; and my Dad, Harvey Showalter, who through their many efforts, enabled a dream of owning a Putt- Putt golf course to become a reality in my life.

March 16, 1984

**In our hearts we will continue to own and treasure the memories of  
Merrillville Putt-Putt Golf Course forever!!!**

**In deep gratitude to my family,  
Bob Showalter (Mr. Putt-Putt)

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million, and the number of people aged 75 and over has increased by 1.2 million (Office of National Statistics 1999).

There is a growing awareness of the need to address the needs of older people in the community. The Department of Health (1999) has published a strategy for older people, which sets out the government's commitment to improve the health and social care of older people. The strategy is based on the following principles:

- Older people should be able to live independently in their own homes for as long as possible.
- Older people should be able to access the services and support they need to live well.
- Older people should be able to participate in the decisions that affect their lives.
- Older people should be able to live in a safe and secure environment.

The strategy also sets out a number of key objectives for the government, including:

- To improve the health and social care of older people.
- To ensure that older people have access to the services and support they need to live well.
- To ensure that older people are able to participate in the decisions that affect their lives.
- To ensure that older people live in a safe and secure environment.

The strategy is a key document for the government, and it sets out the government's commitment to improve the health and social care of older people. It is a document that should be read by all those who are involved in the care of older people.
